About us

Range Shipping is a UK registered company established in 2017. Our head office is in the City of Westminster in London.

We are a **commercial and customer-oriented shipping company** operating worldwide in the dry bulk cargo segments, as well as actively operating tonnage from May 2023.

Range Shipping operates third-party chartered vessels under short-term and long-term period contracts.

Our team uses modern financial tools to manage risk, applying a **structured, analytical approach** to develop a portfolio of maritime assets, predominantly in the Supramax and Ultramax dry bulk market.

Led by a commercial team with nearly **100 years of combined experience** in the dry-bulk sector, **our vision** is to be a leading London shipping entity, building on core values of **trust, reliability and integrity**.

Range Shipping is a certified trademark by the UK Intellectual Property Office

Our Bankers:

HSBC Bank PLC

M.M. Warburg & Co Bank

Our Insurers:

BMS Group

The West of England

Our Clearing House for FFA Transactions:

ADM Investor Services
International Ltd.

Memberships

Range Shipping is a member of the **UK Chamber of Shipping**, the trade association and voice of the UK shipping industry.

The Chamber works to unite, promote and champion an environment for shipping in the UK to thrive, helping to deliver a greener world and a more prosperous nation.

Range Shipping is a member of the **Baltic Exchange**, the world's only source of independent marine market information for trading and settling physical and derivative contracts.

The Baltic Exchange's international community of more than 3,000 members encompasses the world's maritime interests.

Range Shipping is a member of the **Baltic and International Maritime Council (BIMCO)**, the world's largest direct membership organization for shipowners, charterers, brokers and agents.

In partnership with other BIMCO members, we work to ensure a level playing field for the global shipping industry by exchanging experiences and best practices, as well as promoting and ensuring standards and global environmental regulation for the maritime sector.
